Health and Environmental Testing Lab
221 State Street, SHS 12
Augusta, ME 04333
Phone: 207-287-1706

To whom it may concern:

Due to the unpredictable arrival times of the Concord bus line in Augusta, the Health and Environmental Testing Lab would prefer the use of an alternate transportation/delivery method for rabies specimens. Listed below are potential ways to transport a specimen to the laboratory as described in The 2012 Maine Rabies Management Guidelines, 3rd Edition (page 36 and 48, section IV). Unfortunately the Greyhound bus line has been removed because there is no longer a terminal in Augusta.

Uniship- 207-848-7546 or 1-800-427-7547
General Courier- 207-767-6004 or 1-800-698-5035
FedEx- 1-800-762-3725
Personal delivery

If any questions arise, please feel free to contact the laboratory or the epidemiology program. Thank you for your understanding.

Sincerely,
Health and Environmental Testing Laboratory
Rabies Laboratory
